PROFESSIONAL SUMMARY

Full-Stack Software Developer with hands-on experience building internal enterprise systems using VB.NET, C#, MS SQL Server, React.js, Node.js, and Express.js. Experienced in developing secure, scalable applications that improve operational efficiency and automate manual processes. Strong background in system enhancement and full-stack web development.

TECHNICAL SKILLS

Programming Languages: VB.NET, JavaScript, C#

Frontend: React.js, Tailwind CSS

Backend: Node.js, Express.js, RESTful APIs

Database: MS SQL Server, SQL Query Development, Query Optimization

Tools & Integration: QR Code Integration, Excel Report Automation

Soft Skills: Leadership, Team Collaboration, Effective Communication, Critical Thinking, Problem-Solving

PROFESSIONAL EXPERIENCE

System Developer – Nippon Micrometal Corporation Philippines (Jun 2025 – Present)

- Designed, developed, and maintained internal enterprise applications using VB.NET, C#, and MS SQL Server.
- Designed and implemented RESTful APIs using Node.js and Express.js to support system integrations.
- Built a QR code–based system that improved inventory accuracy and reduced manual encoding errors.
- Automated Excel report generation, reducing manual reporting processes.
- Optimized SQL queries to improve database performance and system responsiveness.
- Maintained and improved legacy Excel VBA and Microsoft Access 2003 systems, including database updates and query optimization to enhance reliability and performance.

System Intern – Nippon Micrometal Corporation Philippines (Mar 2025 – Jun 2025)

- Assisted in developing and maintaining internal business applications.
- Supported database updates and optimized SQL queries for performance improvements.
- Contributed to system enhancements and macro-based file modifications.

IT Developer Intern – Creotec Philippines Inc., Biñan, Laguna (Feb 2021 – Mar 2021)

- Developed a calculator and scanner mobile application using MIT App Inventor.
- Collaborated with the IT development team on internal automation initiatives.

PROJECTS

- **Roomeo Scheduling System (Mobile App) –** Lead Developer and Team Leader. Developed a mobile scheduling application for class, teacher, and room allocation, designed the database schema, implemented conflict-detection logic, and led the project team.

CERTIFICATES

- **Civil Service Eligibility** – Honor Graduate Eligibility (HGE)

EDUCATION

- **STI COLLEGE TANAUAN**
  - Bachelor of Science in INFORMATION TECHNOLOGY | A.Y. 2021 – 2025 (Cum Laude)
